THE REPORT AND RECOMMENDATIONS OF THE ROAD IMPROVEMENT COMMITTEE ARE AS FOLLOWS:

1. The program of long range improvement of roads should be continued with the expenditure of $3,000 this year for this purpose.

2. In order that effects of those improvements are not gradually dissipated, minimum standards of construction should be observed. Specifically, each section to be improved should be adequately drained, be cleared as required of trees and brush, and surfaced with asphalt.

3. In accordance with the above, it is suggested that the following sections, previously improved under this program, be surfaced with asphalt this year in the order indicated: the section of the road to the Harlan Fiske Stone Memorial, the uncompleted section of the Lincoln Road off old Route 9, and the Streeter Hill Road. As required, this may include clearing of brush and trees, cleaning of ditches and pipes, top dressing and grading with gravel, and surfacing with asphalt.

4. The committee plans to continue the study and development of a long range program considering maintenance costs, present and future anticipated traffic requirements, and the TRA program to improve further such sections of our road system as may be economically feasible to the minimum specifications above.

5. It is also suggested that the elected or appointed road agent be made a permanent member of this committee, in order that the best advantage may be had of his intimate knowledge of our road system in the review of present and future road improvement programs.

REPORT OF BUILDING INSPECTOR

FOR 1961

The past year again shows an increase in building activity in the town of Chesterfield. Fifty-four permits were issued. Twenty-seven are still in process or have not been approved. Many hours have been spent in the past checking permits to find if work has been completed. This inspector now feels that building regulations have been in effect long enough in Chesterfield so that any person not obtaining a permit will be treated as a violator, or any person having a permit not reporting work completed shall be considered in violation upon the expiration of the permit.

I wish to take this opportunity to thank all those who have been co-operative the past year.

Respectfully submitted,

GEORGE E. JOSLIN

REPORT OF CHESTERFIELD LIBRARY

January 1, 1962

To the Trustees of the Chesterfield Library:

The year 1961 was an extremely successful one for the Library. The circulation of books continues to increase, as does the number of patrons. The summer of 1961 was very fine with an average of 130 books circulating each week. Many summer people took advantage of our fine library. It was so nice to meet so many new people and to show them our facilities.

Exchanges of books were made with the State Bookmobile in January, March, May, August, October and December. As you will note exchanges were made more often this year. This has given us a greater selection of books and has helped to increase our circulation.

Exchanges were also made with both branch libraries. Exchanges were made with West Chesterfield six times during the year; and with Spofford four times.

Our patrons include 85 adult readers and 105 juvenile readers. This is an increase in both areas. I certainly hope it will continue to increase in the future.

Gifts to the library this year consisted of the following:

4 books given by Mrs. Aline Selchow
1 book given by Mrs. Margaret Watts
2 books given by Cynthia Houghton
Several magazines given by Marion Mitchner

Petty cash report:

Balance on hand 1-1-61	$11 70
Collection of fines	16 54

Expenditures	20 10
Balance on hand 12-31-61	$8 14
Circulation of books:	
Adult fiction	1,944
Adult non-fiction	359
Juvenile	2,834
Total	5,137
Books Purchased:	
Adult	81
Juvenile	75

In all respects 1961 was an excellent year for the Library. I hope that the library will continue to be used to its fullest in the future, and that I may see more new faces coming through the door of our lovely library.

Respectfully submitted,

CYNTHIA HOUGHTON,

Librarian

SUPERINTENDENT'S REPORT

TO THE CHESTERFIELD SCHOOL DISTRICT

It is a pleasure to submit my third annual report to the citizens of Chesterfield.

School opened in September with an enrollment of 283 pupils, an increase of 33 over last year. This created a very heavy classroom pupil enrollment, especially for grades one, three, and four. Upon very careful study with the help of the School Board and Town Budget Committee it was decided to apply to the State Department of Education for permission to hire two additional teachers at a

cost of $8,000 to take care of the increase enrollments. The State Department of Education granted our request and two additional teachers were hired immediately. The first grade was divided and preparations made in the cafeteria for the extra classroom space, and a combination class was made from grades three and four using areas in the corridor for space. I would like to commend our teaching staff for the outstanding work and service offered during this period of adjusting and solving the problem of heavy classroom enrollments. Our staff includes the following: Mr. Robert Bellavance, Principal, grades seven and eight; Mr. George Adams, grades seven and eight; Mrs. Margaret Hurley, grade six; Mr. John Letourneau, grade 5; Mrs. Barbara Mackey, grade four; Mrs. Eleanor Fuller, grade three; Mrs. Dorris Parker, grade 2; Mrs. June Derjue, grade one: Mrs. Barbara Lammela, grade one; and Mrs. Willa Moore, combination grades three and four.

It is hoped that the citizens of Chesterfield will consider in the immediate future the very serious problem of overcrowded conditions. The constantly increasing pupil enrollment has grown now to the height of not finding space in our school for this growth. The School Board, Selectmen, and Budget Committee have all given time and effort in studying our school problems and it is now time for the voters to look ahead to a long-range solution for our boys and girls of Chesterfield.

It has been a pleasure to have had the opportunity to work with the School Board members and people of Chesterfield, and may I say, in all sincerity, that our future educational problems will be solved only as we move forward in our fast changing world.

CHESTERFIELD SCHOOL LUNCH PROGRAM REPORT

July 1, 1960—June 30, 1961

The Hot Lunch Program opened September 7th, 1960. Mrs. Louise Leu as the Manager and Mrs. Inez Houghton as her Assistant.

The reimbursement rate from the Federal Funds remained at 5c for each Type A meal served. Under the Special Milk Program we received 4c reimbursement for each ½ pint of milk served. Each day we served from 150-180 balanced meals.

We were fortunate to receive a generous supply of eating apples and apples for salads from one of our good neighbors. We were also very fortunate to receive Government Surplus Commodities. Without this help we would not be able to serve hot lunches.

Our extra helpers during the term were Mrs. Elli Herrick and Mrs. Ethel Mills.

I wish to thank the town folks of Chesterfield for granting the program $300 which will be paying off part of our milk bill.

I wish to express my sincere thanks to all those who helped in making the Hot Lunch Program a success.

The following surplus commodities from the government were received during the school period:

Butter, flour, corn meal, processed cheese, powdered milk, pea beans, apricots, cherries, frozen ground beef, sliced peaches, peanut butter, canned tomatoes, green beans, corn, frozen turkeys, rice, apple sauce, cabbage, canned beef in gravy, ripe olives and frozen chickens.

Respectfully submitted,
MRS. LOUISE LEU

A special clinic was held in which throat cultures were taken on the entire student body and school staff for the purpose of determining the cause for the high absenteeism. A high carrier rate of Streptococcus was found present. This particular Streptococcus causes Septic Sore Throat and Scarletina, the aftermath of which Rheumatic Fever or Kidney disease may occur. The throat cultures were continued the remainder of the school year with the carrier rate remaining quite high. No mass treatment was initiated, but parents of students with positive throat cultures were notified and advised to consult their family physician at the first indication of illness.

We would like to take this opportunity to thank everyone for their cooperation and patience during this most difficult year.

PRINCIPAL'S REPORT

To the citizens of Chesterfield:

September, 1962, saw the school at Chesterfield open its doors to the largest number of students in its history. Classes were overflowing in the first four grades to such an extent that old desks and chairs had to be taken from the attic and hurriedly repaired until new ones could be bought. The enrollment was so unexpected that hurried plans had to be made to cope with the situation. These plans concerned equipment and materials which were found to be lacking. Certainly something had to be done, especially about the first grade which had registered fifty new children. When this situation was known, immediate steps were taken to correct the condition. Within a short time, two new teachers were hired to relieve the load in grades one, three, and four. Grade one was divided, half being placed into the auditorium and the other half remaining in grade one. In grades three and four the extra teacher took special groups to give them extra help. These were taken to the front hall where a classroom was set up. In addition to grades three and four, she relieved the principal of one class in order to give him time to take care of the administrative duties.

Faculty

As the doors opened on a new school year, the students not only faced crowded conditions but also new teachers. Of these, only one remained from the previous year. With the exception of this one teacher, the others faced classes for the first time. These new teachers were to teach the following grades: Mrs. June Derjue, grade one; Mrs. Eleanor Fuller, grade three; Mrs. Barbara Mackey, grade four; Mr. John Letourneau, grade five; Mrs. Mar-

garet Hurley, grade six; Mrs. George Adams, grade seven, and Mr. Robert Bellavance, grade eight and principal. At at later date Mrs. Barbara Lammela and Mrs. Jeffrey were hired to take up their duties in grade one and grades three, four, and eight respectively. Within a short time Mrs. Jeffrey left and was replaced by Mrs. Wilma Moore.

Facing them would not only be students but also curriculum problems. These would have to be overcome in order to provide an effective teaching program for the year. As the school year progressed, problems disappeared and the program seemed to be running smoothly.

Lunch Program

Mrs. Leu again directed the lunch program with her helper, Mrs. Houghton. Though problems existed, they were shortly overcome and corrected to some satisfaction. Though the situation is not now ideal, it is certainly situated as well as possible under the present arrangement.

Under Mrs. Leu's direction, the milk program was continued from grades one through four.

Christmas Program

The annual Christmas Program, under the direction of Mrs. Azalea Wilson, was prepared at the school with the help of the teachers. In its early stages, it was questioned where the program would be held, for the auditorium was being used as a classroom. The Town Hall seemed to be the answer to the problem, so we immediately made the arrangements and went ahead with our plans. We also found that the Town Hall would seat more people than the school auditorium; which, we were advised, would certainly be needed. With the plans completed, the night of the program arrived and so did the snow storm. We certainly felt this would affect the size of the audience, but we found this to be untrue. The program itself was a success and many favorable comments were received from some of the local people.

Athletic Program

Thought we have no facilities to speak of, we have been fortunate enough to run a part-time Physical Education Program. The scheduled periods come on Monday and Friday afternoon. The program itself normally consists of fifteen minutes of calisthenics and then other activities of various types.

School Maintenance

Mr. Norman Patnode, our custodian, not only cleaned the school but also painted the halls for the coming year. During the early fall, he spent a considerable number of hours keeping the building reasonably clean and in good repair.

Transportation

Having most of our students transported by bus posed a few problems. These pertained to constant changing of seats by the students, excess noise, and the lack of seating according to stops. As a result, students had to look for seats every morning and evening, the bus drivers could not be heard over the noise, and the students had to step over one another to enter or leave the buses. Some of these, we felt, could be corrected by a bus seating plan. Not only would this keep the students from changing seats daily but would also prevent them, in some cases, from sitting with their friends. We also felt that if they were seated according to stops, they would load and unload the buses much more quickly. Not only would the unloading be easier, but the students would not have to step over one another to enter or leave. This procedure, we find, saves time and cuts down on potential trouble. It also points out the trouble areas on the buses so they can be corrected. In the over-all picture, it is much more effective to have assigned seating on the buses.

Respectfully submitted,

ROBERT BELLAVANCE,

Principal

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days or high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

1961 FIRE RECORD
